Hope • Life • Future for Orphans

Who We Are:

One Heart Bulgaria gives humanitarian aid to 20+ orphanages and two children's hospitals in Bulgaria. We provide for the children's basic needs and create programs that enrich their daily lives, bringing joy into their difficult world. One Heart Bulgaria also provides medical training for physicians, orphanage caregivers and therapists, and families with children with special needs. We provide services and programs that support mothers in keeping their babies. Our long-term goal is to assist in the closing down of Bulgaria's orphanage system.

Our Goals:

Thousands of children in the overcrowded and under-funded orphanages of Bulgaria are currently suffering from lack of attention, basic amenities, nutritious food, and a hope for their future. One Heart Bulgaria's goals are to provide for immediate, critical needs and build an infrastructure that will ensure long-term social, emotional, and physical health for the children it serves. The results of OHB's efforts will be children and young adults who have the opportunity to develop and reach their potential in a healthy and supportive environment, enabling them to become happy and successful members of the Bulgarian society. We achieve this by:

- Providing nutritious food and vitamins for children at risk for malnutrition and disease
- Providing regular, reliable interaction with concerned, loving adults to mitigate emotional, social and mental developmental delays.
- Providing access to medical care
- Providing basic hygiene articles and bedding
- Funding special projects at the orphanages for the furthering of specialized care and occupational skills training
- Employing and training adults in Bulgaria to provide these services

How YOU Can Help:

Visit us at www.oneheart-bg.org or find us on Facebook to learn more about our programs and events. Help us help more children in Bulgaria by considering becoming an event sponsor. All funds go directly to support events and projects for the orphan and at-risk children in Bulgaria.
